

Justice Initiatives, Inc. Announces the Release of New On-Line Interactive Calendars Program

Mecklenburg County Bar members now have access to interactive Superior Civil and District Civil calendars through an innovative web-based application. You can now not only view calendars, but interact with them as well. This new feature allows you to make notes on cases, announce settlements, and provide general status reports on cases. This means all parties involved in a particular case can view notes and updates, which will make for a more efficient use of court time, as well as attorney time. You can also subscribe to receive an email each time there is update about their particular case or other cases posted on the calendar.

The new interactive calendars application was developed by Justice Initiatives in partnership with the Trial Court Administrator's Office and is hosted on the Justice Initiative's website: www.justiceinitiatives.org.
